Nala Ray opens up about her experience on Christian Persecution.

SOURCE: TikTok

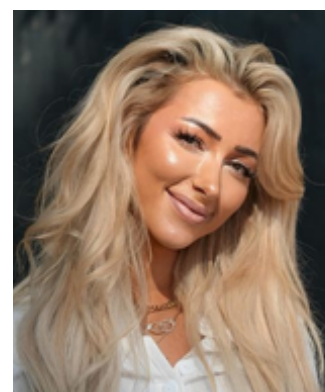

In a viral Video Nala Ray shared her experience of Christian Persecution. She was famously known for creating “Only Fans Content she quit and decided to give her life to Christ. After making this decision, most of ”her fans” did not take it well and some of them started claiming that she is faking it and others were advising to stay off social media and return a new being.

The Shock of Christian Persecution.

The burden of choosing to follow Jesus Christ is heavy. In Nala’s TikTok video, she shares how she finds it weird that people are now hating her, especially men. Now that she is a descent woman, and she is not showing her body, people express hate. She also opened up about how people were asking her to quit social media because she has changed and in her response she asked, “I was open about my sin, why do you want me to hide my Salvation.” As a Christian woman, I am so happy and Proud of Nala, for standing on Jesus Business. Amidst all this Christian Persecution and hate.

“
I was
Transparent
about my Sin,
why do you
want me to
hide my
Salvation?”

The more Christians get Persecuted the stronger they become, because God said, He will renew their strength. Our Prayers go to Nala to stay Faithful and for God to renew her strength.

NATHANIEL BASSEY

Called to Serve at Trump's Inaugural Breakfast

Nathaniel Bassey has been invited to Minister at Donald Trump's Inaugural Prayer Breakfast on 20th of January.

Nathaniel Bassey has been the David of our time. He has dedicated his life to worship God. He decided to carry this Ministry without money but believing God to care for his needs.

Bassey is one of the Worship Ministers of our time who refused to do side gigs to make ends meet just like other worshippers, who Worship God and step aside to sing secular music to make ends meet. He trusted God and decided to worship God with his trumpet.

Nathan has done Ministry in the most hardest times, where people did not take Christians seriously. In a time when every young worshipper gave up on Ministry to make money with their Talents, in a season when the non believers made a fool of every Christian, when every Christian who decided to Follow Jesus Christ, experienced the hardest tragedies am talking about losing loved ones, sickness, divorce loss of Jobs Poverty etc.

“
When I was worried
& couldn't Sleep, God
was working behind
the scenes.”

As he prepares his Psalm for the Inauguration Prayer Breakfast, We Pray that God's Presence shall take over and also May Trump's reign as the President of USA, be one that Glorifies God in this time.

To all Christians who are questioning whether God will come through, Remember, he is not Son of man to lie and he will lift you up, He will make you sit amidst Kings and Princes, Let Nathaniel's Life be your hope as you continue to journey in Salvation.

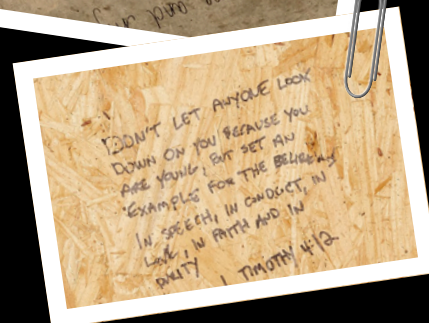

Christian Couple Writes Scripture on the Foundations of their house

Whereas in some cultures in Uganda specifically, people slaughter animals birds and human beings at to place at the foundations of their homes as they construct their houses, this Christian couple took the Literal meaning of “Christ My Solid Rock on which I build my house” to heart and decided to write scripture at the foundations of their home.

“ This moment meant so much to us. God has blessed us tremendously and we serve him in all we do, including our home. “For every house is built by someone, but God is the builder of everything.” Hebrews 3:4”

“Every scripture written was intentional. Having our family there to also bless the home and journey, and all who may enter was everything. I’ll share more scriptures on my stories and where they are written as well!”

I highly recommend this and it’s something I’d love to do for my home as well.

DON'T LET ANYONE LOOK

BUSINESS

Vybers dance company evolving outdoor marketing & advertising.

How dancing made them become such a sensational group of people to hang around with. The Vybers Dance group started going viral on TikTok with their hilarious dance moves cracking people's ribs.

One thing you may not know about them that is true is that all of them are Christians and serious intercessors.

They recently have been endorsing brands and activations such as Uganda Tourism Board and now recently, signed a contract with Lana a company that makes Custard Pies.

The beauty about their style is that they embed dancing music and acting in their content hence influencing anyone to try the Product. The reason people follow their content and are most likely to buy the products they advertise is because of their humility. Have you ever hired an influencer and to market your product and your sales even drop? It's because of that influencer's personality. The way they speak or interact with would be audiences affects your would be customers and in the end no matter how much you invest or how famous they are, people may resist buying your product because of their experience with that particular influencer.

On this new Journey with Custard Pies, we Pray it turns out successful and this opens more opportunities for them. You can always catch their sensational Drama on their TikTok page to get your day sailing smoothly.
